Yes, let's plan to connect this week. I think getting Caitlin's in-motion would be great. Yes, regarding Dr. Garvey's, right now, she is not in the correct class relative to her responsibility which comes with a restriction. I have a proposed two-phase solution for Ann, one I need some assistance from you, the other is a new classification I have underway at DAS. I can explain more. Thank you.

Here are the physicians' salaries, inclusive of benefits. Let's discuss the right amount. Also, have you reviewed Dr. Garvey? I would like to address hers as well.

Thanks for being a champion of this effort.

Absolutely comfortable with the review. For context would you like to review what our other physicians make in the facilities? I can back out on-call time for base salaries. My recollection is that our physicians make slightly more.
